

ROAD TRAFFIC ACCIDENTS NSW

A CAR REAR ENDED ME LAST WEEK AND I'VE GOT A SORE BACK.

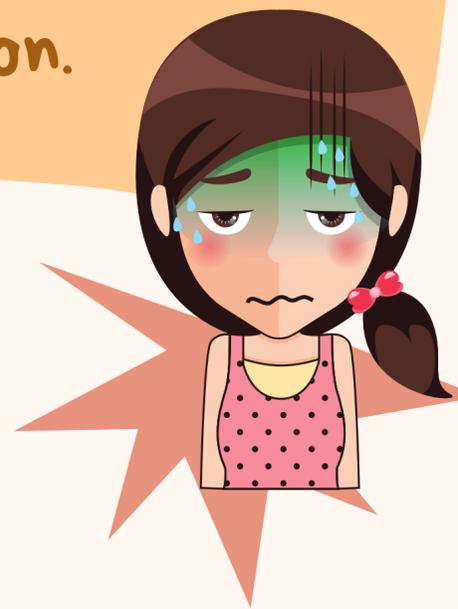

The insurer has been paying me for a few months but I heard they'll cut me off without notice.

I've got solicitors but they aren't sending me for medical treatment and have left it up to my old GP.

My friend said it's important to get a good GP from the beginning and one that knows about CTP claims. Can you help?

I've been hospital for a couple of weeks and need someone to visit me about a claim. I'd like to talk in person.
